### ELIGIBILITY

1. Applicants must be current members of the NYSSRS, Inc. in good standing (Rad Tech and Nuclear Medicine students).
2. **Proof of NYSSRS membership must be submitted with the signed submission form.**
3. Applicant must be enrolled in an accredited radiography or radiation therapy program.

### ENTRY FEE

There will **not be any entry fee to enter** the Student Poster Competition.

### THEME

The theme for this year's poster competition is **"GI Studies: Technique(s) used to demonstrate various pathologies"**. Posters will be on display during the NYSSRS conference in October 20-22, 2016. The winner will be announced after the student bowl competition. You can either make the poster board or purchase a three-sided board (available at any craft or office supply stores). Your poster must tell about the ionizing modality/modalities you are highlighting and hold the interest of the viewer. The title and headings should be neat and large enough to read at a distance of 3 feet. Creativity is encouraged.

***May include: This is a suggestion list; all items are not required. Be creative with your topic!***

- ❖ Definitions of various GI Studies
- ❖ How CT and other modalities have replaced certain GI studies
- ❖ Ways to reduce potentially harmful radiation exposure during GI Studies
- ❖ How equipment manufacturers are making improvements for GI studies
- ❖ Choose a particular GI study and the most common pathology associated with it
- ❖ Discuss the various types of contrast used in GI studies along with pathologies

### ***Judgment Criteria:***

- ❖ Topic Range and Relevance
- ❖ Organization and Mechanics (logic, grammar, clarity, neatness)
- ❖ Aesthetic look
- ❖ Value & Interest
- ❖ Creativity

*The NYSSRS reserves the right to disqualify posters due to inappropriate wording and pictures.*
